Official Course Title :	Topics in Applied Mathematics					
Course Title in Calendar :	Topics in Applied Mathematics					
Rationale	The Department of Mathematics and Statistics wishes to introduce a series of level 500 topics courses with generic titles (e.g. "Topics in Analysis"). These courses are intended to cover material at the advanced undergraduate/beginning graduate level that is too infrequently taught to warrant the creation of a separate course. We already offer a similar series of level 700 topics courses for advanced graduate level material.					
Responsible Instructor						
Course Description	This course covers a topic in applied mathematics.					
Teaching Dept.	0290 : Mathematics and Statistics					
Administering Faculty/Unit	SC : Faculty of Science					
Prerequisites	At least 30 credits in required or complementary courses from the Honours in Applied Mathematics program. Additional prerequisites may be imposed by the Department of Mathematics and Statistics depending on the nature of the topic. Web Registration Blocked? : N					

Corequisites	
Restrictions	Requires permission of the Department of Mathematics and Statistics.
Supplementary Calendar Info	
Additional Course Charges	
Campus	Downtown
Projected Enrollment	20
Requires Resources Not Currently Available	N
Explanation for Required Resources	
Required Text/Resources Sent To Library?	
Library Consulted About Availability of Resources?	
Consultation Reports Attached?	
Effective Term of Implementation	201309
File Attachments	No attachments have been saved yet.
To be completed by the Faculty	
For Continuing Studies Use
